DETAILED ACTION

Applicants' amendment filed 12-20-04 has been entered. Claims 39-44 have been canceled. Claims 45-50 have been added. Claims 45-50 are pending and under consideration.

The initialed form 1449 filed 9-27-04 and the non-patent literature, Nagase et al., 1996, were inadvertently sent to Mr. Sadoff by clerical error. Please disregard the initialed 1449 and NPL because they were not sent by examiner of the present application.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 46 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Applicants' amendment filed 12-20-04 necessitates this new ground of rejection.

The phrase "and said N-CPAT and said C-CPAT **do** conjoin to form said third lipase component" in claim 46 is vague and renders the claim indefinite. It is unclear whether the N-CPAT and C-CPAT have already joined together to form the third lipase component or they have the ability to join to form the third lipase component but have not joined together yet.

Conclusion

Claim 46 is rejected. Claims 45 and 47-50 are in condition for allowance.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
